The view from my mountain ledge. What a crowd!

When Gibbs was asked about it for a comment he said ... What Rally? ... with the Alinsky style ridicule smirk on his face.

Time lapse video showing the huge crowd form and move down Pennsylvania Avenue – 08:00 to 11:30.

We the People will take back control of our government and will remove the Usurper. The truth and the Constitution will prevail. And the heads of the current incumbents participating in this cover up and the CYA effort in DC to enable Obama to continue to usurp the oval office are going to roll in Congress in the 2010 election cycle.

P.S. Post event, after-action report. These pictures say it all about the philosophy of life and personal responsibility of the people who were there on Saturday, 12 Sep 09, and the philosophy of life for those that were there at the Obama inauguration in January 09. One says leave the place as good or better than when I got there. The other says it's not my job and let someone else or the government clean up after me and the mess they made.
